WIRE DRAWING LUBRICANTS - WIRE CUTTERS - PULLING-IN-DOGS - METALLURGICAL MICROSCOPE FOR DIE TESTING

Bharat Industries has an immense experience of nearly 40 years in production of premium Charcoal Powder & Granules. We are one of the leading Manufacturers & Exporters of Charcoal in India. We prepare Charcoal Powder of excellent quality as per the customer's requirement using the finest selected charcoal woods acquired from reliable vendors. Owing to our enormous experience in the Charcoal-Domain, we have developed a prominent lead over other domestic vendors in India.

Our Charcoal Powder & Granules are mainly used in Galvanisation of wire. Over these years, we have worked with numerous Galvanising units and have established the grade of Charcoal desired by them. This has enabled us in producing Charcoal powder having appropriate Carbon Content, having best combustion competence to retain high temperature needed during Galvanisation. When the wire exits the lead bath, charcoal is needed as a wiping agent to minimise the lead-amount carried by it. This also reduces wire surface oxidation and endows the galvanised wire, a glossy finish.

Owing to our customer-oriented vision, we take special care that our product is of:

- Utmost quality
- Fine texture
- Free from any impurities

MANUFACTURER'S & SUPPLIER'S OF QUALITY PRODUCTS:

WIRE, TUBES & ROD DRAWING DIES - DIAMOND - PCD - COMPACTING - COATING - WIRE STRAIGHTENING
- HEADING - GRIPPER - EXTRUSION DIES - WIRE GUIDING NOZZLES - POWDERED & GRANULAR CHARCOAL -
